Company Profile

Thanks for taking time to look through our catalog.

Since 1974, Press-Rite, Inc. has become a major supplier of quality closet door and shutter hardware. Although our concentration has been on supplying customers in the Southeastern states, our product quality and prompt service has earned us many loyal customers nationwide.

This catalog represents only the standard hardware items that we manufacture. If you should have the need for a special component, we have the capability to manufacture custom parts in our tooling and stamping facility.

At Press-Rite, Inc. we pride ourselves on producing the highest quality hardware on the market. We truly believe quality pays off in the long run for both us and you, the customer.

We know how important prompt, efficient service is to our customers. We maintain an extensive inventory of component items as well as the materials to manufacture the custom "made to order components" that we sell.

We appreciate this opportunity to show you our products and would like to have the opportunity to include you among our many satisfied and valued customers.

With best regards,

David L. Phipps, President
PRESS-RITE, INC.
